Published by the Annual Staff
Onancock High School
Onancock, Virginia

The years you have spent in school have passed swiftly. It has been a pleasure knowing each of you and may I wish for you a full and happy life.

Earl G. Hoppes
Principal

ADMINISTRATION

Good health and good luck to each and every one of you. May you set your aims high and achieve your goal in life.

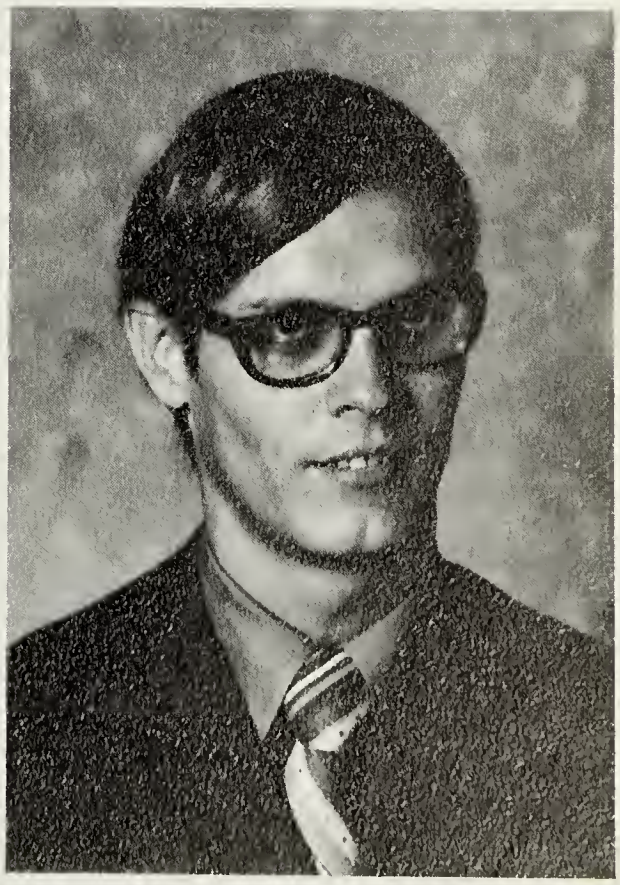
Lola Lewis
Secretary

May happiness and success smile upon the class of '72 in all that you attempt to do.

Richard Bull
Assistant Principal

Seniors, which methods of thinking are a part of your daily living? The three methods of thinking that characterize our lives are routine, rationalization and scientific. It has been written that routine thinking causes us to believe what we want to believe. Rationalized thinking causes us to find an excuse to believe what we want to believe and scientific thinking is first setting up an hypothesis, the examination of such hypothesis until we can draw conclusions. If such conclusions support our thesis then they may become a law. Because you have thought routinely and rationally about your frustrations, desires, limitations, environment and heredity you have denied yourself of a chance for the fulfillment of your greatest potentials. It would be wise to let the scientific methods of thinking guide you to the fullest realization of your potentials.

John Parsons
Assistant Principal



DEDICATION

Mrs. Lotta S. Booth

We, the Annual Staff of 1972, dedicate this edition of the Trident to you, Mrs. Booth. This dedication is but a small token of our appreciation for the time and understanding you have given us.

"You call THIS working on the annual?"

Hello, Onancock there's a bomb in your school!

"It was THIS big!"

The 1971-72 annual staff has worked extremely hard on this yearbook. We wish to thank Mrs. Booth for all her help and all the teachers who let us out of class to work.

As the old saying goes, "Work Before Play," so, as you see, all the work is over and we're looking forward to the play.
